to libselectmen

As a follow-up to the April 16th Public Hearing on Mr.Moruzzi's application for a liquor license I offer the following suggestions as conditions to the license for the Town to consider recommending to the State.

- 1) Restrict parking to the business' parking lot. The business owner should pay for and cause to be posted NO BAR PARKING along Marshall Shore Road.The location of this business along a country road with children riding bikes and people walking along with the busy intersection of Route 3 are dangerous at best if people are served alcohol at a Sports Bar. The business parking lot is very small. When the lot is full, patrons will be apt to park along the narrow two lane Marshall Shore Road.
- 2) Alcohol is to consumed only inside the building.
- 3) Music should be played only in the building.
